## COMPLETE OUTLINE:

A temporal disruption catches the attention of **CHRONOS** and the **IN-BETWEENER**, who discover the center of the disruption is in the **NEXUS of ALL REALITIES**. As the disruption spreads throughout the multiverse, the effects cause time to start repeating itself, focusing primarily on original **ALPHA FLIGHT**.

Many villains see an opportunity to make their lives miserable---including **MEPHISTO**.

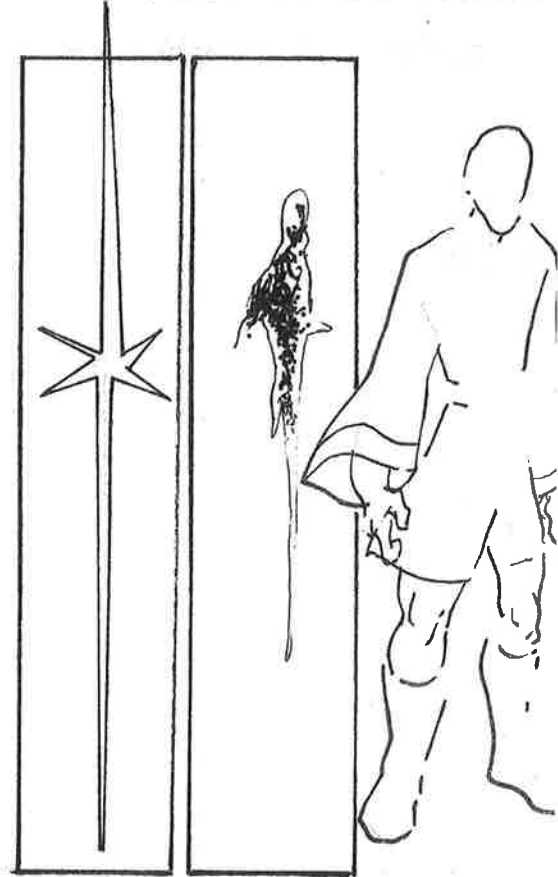

## INTRODUCTION:

A 5-page story that re-introduces original **ALPHA FLIGHT** (the 9 core members listed above plus a mention of Heather McNeil Hudson) through a redacted/new dossier that could be published in **MARVEL COMICS PRESENTS**.
